

# Kunlun SG 20W-50 Gas Engine Oil

**KunLun SG 20W-50 Gas Engine Oil is a conventional engine oil specially designed to lubricate and protect older high mileage gas fueled (CNG and LPG) engines. It has excellent deposit control properties to cater for high temperature environments unique in gas fueled (CNG and LPG) spark ignition engines.**

## Performance Standards

KunLun S G 20W-50 Gas Engine Oil meets the following performance requirements:

APISG

## Benefits

KunLun S G 20W-50 Gas Engine Oil provides the following benefits:

- Protects against harmful deposits in gas fueled engines which operates at higher temperatures
- Resist nitration and oxidation to help reduce old degradation.
- Provides extra lubrication for higher mileage engines.
- Protects against starting friction and heat stress.
- Provides good viscosity retention properties for maximum engine protection during start-up and high speed operations.

## Typical Characteristics

### Kunlun SG 20W-50 Gas Engine Oil

SAE Grade	20W-50
Kinematic Viscosity	
40°C, mm <sup>2</sup> /s	154.0
100°C, mm <sup>2</sup> /s	17.5
Apparent Viscosity	
-15°C, mPa·s	6460
Viscosity Index	123
Specific Gravity, 15°C, g/cm <sup>3</sup>	0.879
Pour Point, °C	-24
Flash Point, COC, °C	245
