

# Kunlun DOT 4 Brake Fluid

**Kunlun DOT 4 Brake Fluid is a premium quality brake and clutch fluid, blended from superior material to a high standard of purity and boiling point.**

## Performance Standards

Kunlun DOT 4 Brake Fluid meets the following requirements:

- SAE J 1703
- SAE J 1704
- FMVSS 116 DOT 4
- ISO 4925

## Benefits

Kunlun DOT 4 Brake Fluid provides the following benefits:

- Provides good braking performance under wide temperature range.
- Maintains high boiling point to ensure absolute safety under high temperature operation .
- Exhibits good chemical stability to ensure long fluid service life.
- Prevents fluid loss due to compatibility of rubber seals.
- Exhibits good corrosion and anti-oxidation properties.

## Typical Characteristics

### Kunlun DOT 4 Brake Fluid

Equilibrium Reflex Boiling Point - Wet,°C	157
Viscosity, Kinematic	
-40 °C , mm <sup>2</sup> /s	Max. 1500
100°C , mm <sup>2</sup> / s	Min. 1.5 "
pH Value	7.5
