

# Kunlun SN Super Automotive Engine Oil

Kunlun SN Super Automotive Engine Oil is a premium conventional multigrade motor oil designed to provide maximum engine cleanliness and protection against oxidation, wear, corrosion, deposit and sludge formation under the most severe driving conditions.

## Performance Standards

KunLun SN Super Automotive Engine Oil meets the following performance requirements:

API SN

## License

- ILSAC GF-5 (SAE 10W-30)
- API SN with Resource Conserving (SAE 10W-30)
- API SN (SAE 20W-50)

## Benefits

KunLun SN Super Automotive Engine Oil provides outstanding performance such as:

- Maintains a very resistant oil film to protect the most sensitive parts of the engines under regular high temperature operations.
- Provides excellent oxidation and high shear stability to help maintain correct viscosity under high temperature operating conditions.
- Provides excellent anti-wear, rust and corrosion protection.
- Exhibits outstanding engine cleanliness and anti-wear properties leading to longer engine life.

## Applications

KunLun SN Super Automotive Engine Oil is developed for use in modern petrol cars from major manufacturers. Super Automotive Engine Oil may be used where oil meeting earlier classification such as API SM, SL, SJ, SH, SG is recommended.

## Typical Characteristics

**Kunlun SN Super Automotive Engine Oil**

SAE Grade	SW-30	10W-30	10W-40	20W-50
Kinematic Viscosity				
40°C, mm <sup>2</sup> /s	63.9	67.7	101.0	168.4
100°C, mm <sup>2</sup> /s	10.6	10.5	14.6	18.6
Apparent Viscosity				
-15°C, mPa·s	-	-	-	7800
-25°C, mPa·s	-	5500	6500	-
-30°C, mPa·s	6200	-	-	-
Viscosity Index	157	142	150	124
Flash Point, COC, °C	230	238	230	240
Pour Point, °C	-42	-42	-39	-27
Specific Gravity, 15°C, g/cm <sup>3</sup>	0.858	0.865	0.866	0.881
